Changes and Extensions

- Editing multilingual content
- More comfortable item deletion
- Location input using map
- More metadata for images
- Ownership, editing rights based on new hasOwner property
- SelfEditingPolicy extended
- History: creation, creator, last modification, last modifier, status
- Publishing workflow & quality check:
  - National experts’ check
  - Central quality check
  - Proofreading of English text
  - Publishing on portal
- Inline commenting of property data

- COURAGE ontology
- WordPress integration with custom design
- Online (virtual) exhibition
- Learning material (with edit and re-use functionality)
- Export to SPSS
- Metadata export for DataCite DOI
- Recursive export to HTML/Word
- Dump triples (excluding sensitive data)
Thank you for your attention!
